Swedenborg In The Marketplace Of Ideas

Presented by special Canberra guest David Moffat

In so many ways Emanuel Swedenborg may justifiably be referred to as “ahead of his time.” But how does he fare in our own post-modern society? Do our contemporaries have anything to gain from reading Swedenborg's ideas, or are they now mere historical curiosities?

David Moffat is a freelance musician and piano teacher in Canberra who has spent years studying, understanding and applying Swedenborg ideas, serving many people in the UK and Canberra. For the last ten years his ministry was in an honorary capacity alongside his return to a career in music.
