Science of the Soul

Speaker: *Kirk Holst*

FRIDAY 25TH NOVEMBER 2011 at 7.45pm
Swedenborg Centre, 1 Avon Road, North Ryde
Cost: \$7; concession \$5 (including refreshments)

Swedenborg's journey through the Heavens and Hells all began with his determination to find the human soul. This talk will explore the discoveries he made along with contemporary thought, combining the information to form a linear understanding of how our minds and souls are formed to create our individual psyche.

From conception until death we are at the centre of our soul's development. The more we are aware of the process, the more responsibility for the care and support of our souls, and those of others, especially our children, we can take.

Kirk Holst has been a successful company director for nearly 30 years. Currently he is a self-funded retiree. He is a member of the Swedenborg Association of Australia. In 2008 he completed his Masters degree in Social Ecology.

"Science of the Soul" book and booklets available on night.
